DANISH-CHINESE BUSINESS FORUM

## Call For Annual General Meeting 2018

The Annual General Meeting for DCBF members is an inspiring afternoon and evening where Denmark's most ambitious business people gather to learn and to discuss business opportunities. This year's theme is *system export and integration* - and how to overcome that business challenge.

Our keynote speakers are Anders Samuelsen, Minister for Foreign Affairs and Ms. Deng Ying, H.E. Ambassador of China to Denmark.

The key to better system export is better cooperation. As a unique and different introduction to the art of cooperation, Uffe Savery (known from Safri Duo) will be leading a team of musicians from the Copenhagen Philharmonic Orchestra in a powerful demonstration of innovation and co-creation in business processes.

This creative session will be followed by a session featuring our host AVK on the subject of China's water-related challenges. Responding to this, Aarhus University Professor Niels Peter Revsbech will discuss how system export and integration can help businesses overcome these challenges.

Please see the attached general assembly documents if you would like to give proxy authorisations, suggest agenda items, or nominate board members.

You can learn more about our distinguished speakers by clicking their pictures below. You can see the agenda for the event on the next page.
